# LEADING SYSTEM TRANSFORMATION: THE PARTNERSHIP COMPACT

## KEY STRATEGIC TOOL TO DRIVE SYSTEM TRANSFORMATION

Drives focus on **sector bottlenecks** and 'transformative' priorities to address these at scale

Building on sector plan/policy processes, the partnership compact **shifts policy dialogue towards catalyzing system transformation**

A strategic tool to **adapt the GPE model to each country context** and frame Partnership engagement

Defines GPE engagement and **support and ensures partner financing is complementary and harmonized**

Strengthens **mutual accountability** at country level for system results

## THE PARTNERSHIP COMPACT ISN'T:

An "add-on" or to supplant existing processes

## THE PARTNERSHIP COMPACT SHOULD:

Add value

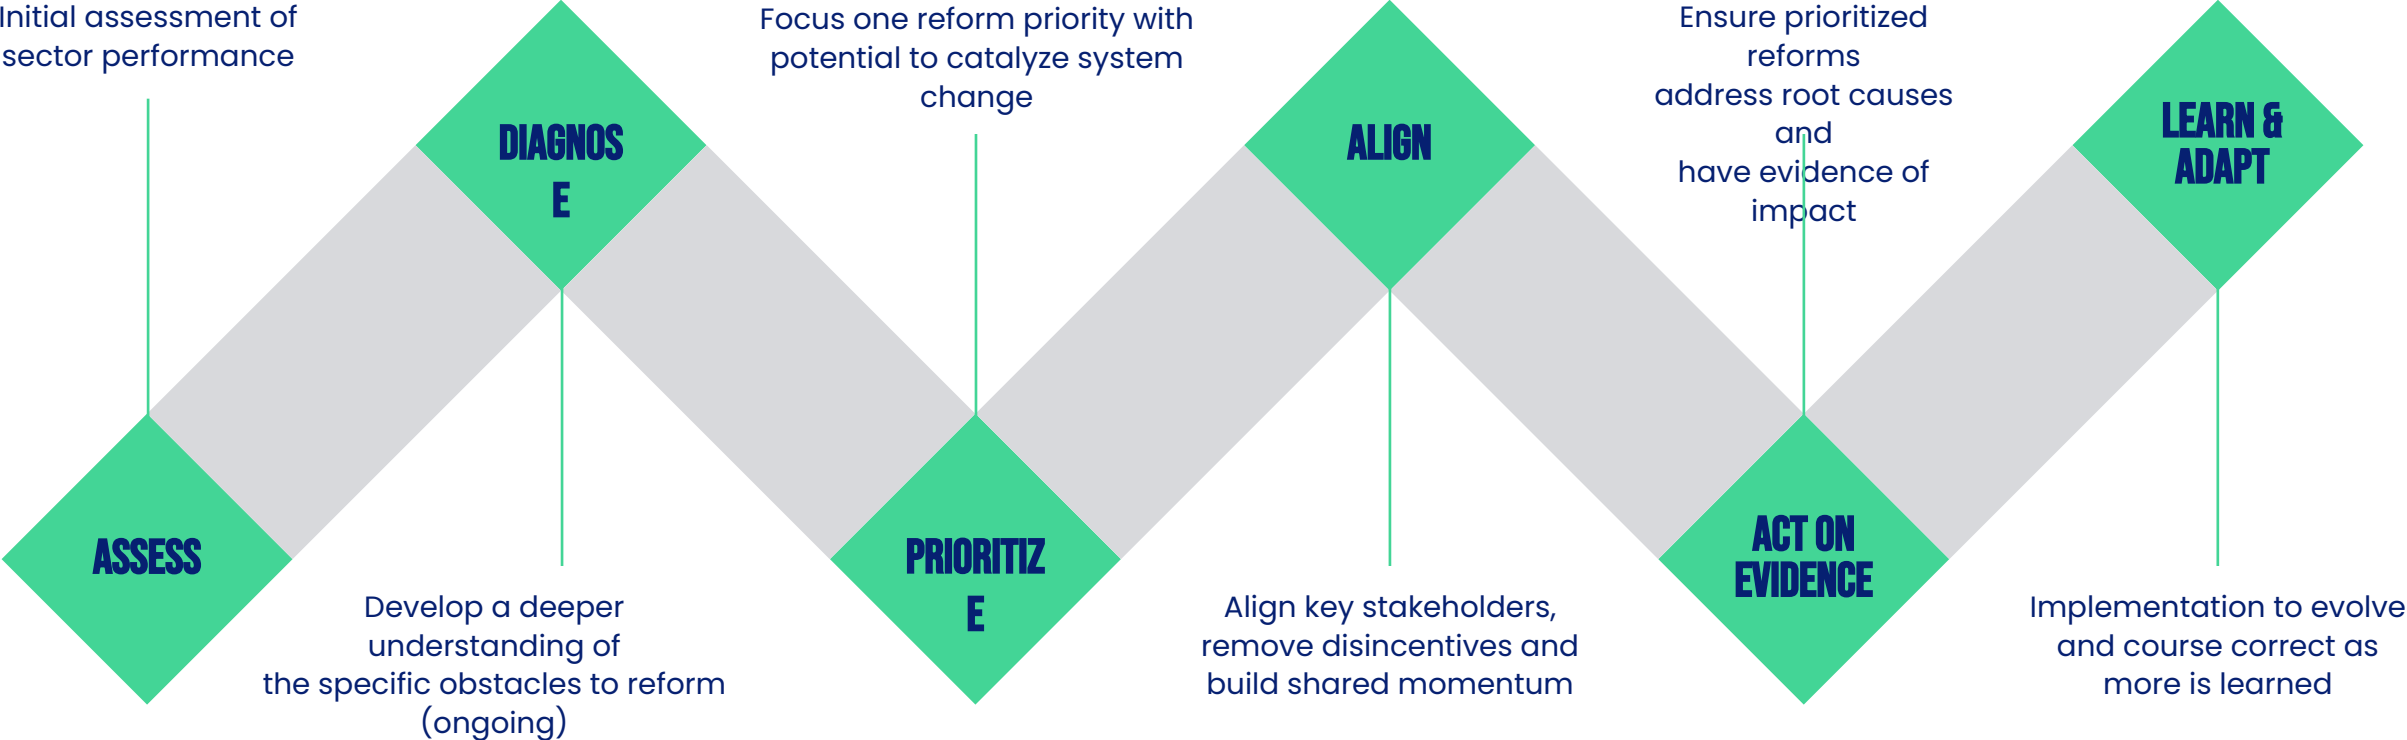

Reinforce or sharpen the focus of policy dialogue

Guide prioritization of a new or existing sector plan or policy framework

Support partners' priority setting and alignment discussions.

# CRITICAL PATHWAY TO SUPPORT TRANSFORMATION

## How to achieve transformation in complex systems?

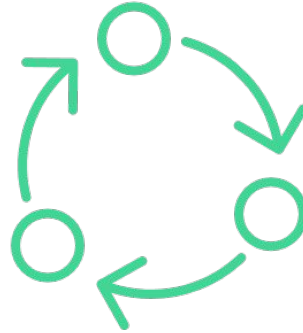

# HOW GPE'S MODEL SUPPORTS SYSTEM TRANSFORMATION

1

## ASSESS & DIAGNOSE

- Identify a **priority reform** with the potential to drive system transformation
- Analysis of needs and existing evidence
- **Enabling factors** for system transformation review
- **Assessment** by an Independent Technical Advisory Panel
- **Act on evidence**

2

## PRIORITIZE & ALIGN

- Finalize **Partnership Compact** to align partners and resources behind a prioritized reform area
- **Act on evidence**
- Early indication of grants

3

## ACT, LEARN & ADAPT

- Focus on delivery
- Support adaptive implementation through learning and the **use of evidence**
- Track and aggregate results in an agile way
- Improve accountability

# PARTNERSHIPS COMPACTS

- **78 GPE partner countries** engaged with compact development, split in to 5 cohorts (Jan 21 to Nov 22)
- **7 compacts have been completed** (Tanzania, Sierra Leone, Uganda, Nepal, El Salvador, Tajikistan, Kenya)
- Range of thematic foci (e.g. Uganda, Nepal, El Salvador, Sierra Leone, Tanzania)
- About **15 more are close to completion**
- **53 are in process** or not yet begun

# 6 KEY POINTS WHERE EVIDENCE COMES IN

**GPE MOBILIZES  
PARTNERS TO  
SUPPORT SYSTEM  
TRANSFORMATION**

**(a) Analysis, diagnosis and planning – with possible system capacity grant**

**(b) Inclusive dialog with local education group**

**(c) Enabling factors analysis**

**(d) Compact development**

**(e) Program development □ system transformation grant**

**(f) Course correction: LEG meetings and joint sector reviews**

**Country / GPE process**
